

March 3, 1976

Your committee on Judiciary refers LB 706 to General File; 707 General File as amended; and LB 813 General File as amended. Signed Senator Luedtke.

PRESIDENT: There is a motion to adjourn. Mr. Speaker.

SENATOR BURBACH: Sorry, I was out of the room. What brings on this kind of a motion?

PRESIDENT: Because you were out of the room, Mr. Speaker.

SENATOR BURBACH: I notice that as of yesterday afternoon, also. Has there been any disposition made of 703?

PRESIDENT: That is why we are adjourning so we can start with that fresh tomorrow. Or at least that may be the reason of the mover of the...

SENATOR BURBACH: That may be the reason?

PRESIDENT: Yes, I am not going to judge that and take him with a grain of salt.

SENATOR BURBACH: Will the amendments be here the first thing tomorrow morning? We have got a lot of business to do here, members of the Legislature, and they will be here?

PRESIDENT: We have a motion to adjourn. I have to put this to a vote, Mr. Speaker.

SENATOR BURBACH: Mr. President, members of the Legislature, yesterday, we adjourned at this time. We have got a lot of work and I don't want to be one and I surely hope that the other members of this body don't want to be in the position of leaving that many bills on Final Reading. Let's pass up 703 at this time and take up 454A so it can catch up with 454 and I hope we do not adjourn.

PRESIDENT: All right. The question is, shall we be in adjournment? All in favor say aye. Contrary say no. We are not in adjournment. We will now take up 703. Now what is the motion. To lay it over. Do you want further argument on laying that over?

SENATOR BURBACH: Let's lay that over and let's take up 454...

PRESIDENT: You want to lay that over until tomorrow. It doesn't take any motion. Then you will withdraw your motion. All right. Senator Lewis, for what purpose do you ask recognition.

SENATOR F. LEWIS: Mr. Chairman, for the purpose of asking unanimous consent that any and all amendments offered to 703, which is a very important bill, be on the members desk during the course of debate.
